

Trimod Besta level switch.

Model: A01041.

suitable for wall mount (Horizontal)

Max pressure: 25 bar.

Max temperature: 330 °c.

Min Density: 700 KG/M3.

Operating differential: fixed 12mm.

wetted part material: 316 st-st.

switch housing material: sea water resistance die cast aluminum.

flange dimensions: square 92 mm PCD.

switch element: micro switch SPDT- silver contacts 5A/250 V AC ,
5 A 30 V DC.

Ingress protection: IP 65.

Made in Switzerland.
